

# VVIG Release Agreement

The VVIG dataset is a video-based visible-infrared group re-identification dataset constructed in Sun Yat-Sen University. The authors of the dataset hold the copyright of VVIG and are responsible for the distribution of the dataset. To use any content of VVIG dataset, all researchers must submit the agreement with signature, submitters and users will enter into a binding agreement to accept the Terms of Usage described herein.

- (1) The dataset will be used for scientific researches only. Commercial use of VVIG is not allowed.
- (2) The dataset will not be further distributed, published, copied, or disseminated in any way or in any condition.
- (3) The dataset will not be modified without our approval.
- (4) All images in the dataset for demonstration should mask the heads for privacy protection and not cause embarrassment or controversy.
- (5) Use of the dataset is free of charge.
- (6) All technical papers, documents and presentations which display experimental results on the dataset should cite the paper 'Dual-level Aggregation Network For Video-based Visible-Infrared Group Re-Identification'.
- (7) The final explanation of this agreement refers to Prof. Jianhuang Lai and Jianghao Xiong.
